Dear Parent/Carer

26th January 2021

Re: Refining our Remote Learning Provision

Now that we have embedded Seesaw as our remote learning platform and hopefully ironed out some of the initial teething problems, we are now seeking to refine our educational provision even further.

With effect from Monday 1st February 2021, we will be working towards delivering a more individualised format for children. This will involve Class Teachers selecting activities which are differentiated to match the ability of different children. This may include different content or may involve shorter tasks.

We have also met to discuss provision for those children who may benefit from catch up or booster sessions and as a result some children will be allocated specific tasks which will help them to make accelerated progress. This would have happened anyway if school had been fully open.

In addition, we have reviewed the children who are on the SEND register and have additional needs. Again, each Class Teacher will be allocating tasks and activities which will help these children to make progress against their School Support Plan targets.

Like the introduction of Seesaw itself, this is a new way of working and implementation will not be perfect immediately but we hope that you see a difference in the content and amount of work your child will be allocated.

Any child allocated work for an intervention group, booster group or SSP target will have their other work allocation reduced in line with this to ensure that children are not expected to complete more work as a result.

We will continually strive to improve our remote learning provision and support families at home and our children attending school.

Yours sincerely

Mrs Cross
